redefine THE POSSIBLE.

York's Program: BEd, Technological Education

EDUCATION

The Faculty of Education, BEd in Technological Education offers a program that provides candidates with the knowledge and skills necessary to enter the teaching profession as confident and effective teachers.

BEd Technological Education

Intermediate/Senior (Grade 9 to12)

Teacher candidates who successfully complete the BEd are recommended to the Ontario College of Teachers for an Ontario Certificate of Registration.

Transportation Technology

Principles Undergirding York's Program

- Teaching and learning in technological education are equal in importance to any other IS subject area
- Teachers of technological education should be valued as pedagogical experts and instructional leaders
- Teachers of technological education should have full access to the profession
- Technological education poses unique pedagogical opportunities and challenges (safety, hands-on and applied)
- Technological education offers rich opportunities for cross-curricular collaboration and learning (i.e. literacy, numeracy, STEM)

Key Issues and Priorities

Equity:

- Supporting tech ed teachers' full access to the profession
- Cultivating a diverse cohort of tech ed teacher candidates

Technological Competence:

Ensuring the safety and competence of teacher candidates

Access:

- Enhancing the possible pathways to tech ed teacher ed
- Enhancing access to the profession

Tech Ed/York UG degree options
