Transfer and Mature Students

Whether you're looking to transfer or return to school, we have flexible pathways and learning options to help you continue your educational journey.

Transfer Students

Am I a Transfer Student?

A transfer student has completed prior post-secondary education at an accredited college or university, or is currently studying at one.

How Do I Transfer My Credits?

If you completed any courses at a post-secondary institution, we will assess you for transfer credits at the time of admission. You will receive a preliminary assessment of transfer credits on your offer of admission, if eligible.

How Are Transfer Credits Assessed?

Transfer credits are assessed based on:

- academic equivalency to York courses;
- the number of courses you have completed;
- grades achieved; and
- how your previous post-secondary studies fit with the program to which you've been admitted.

Depending on the program you are admitted to, you may be required to complete additional courses to meet program-specific requirements.

We will provide you with a transfer credit statement once you have accepted our offer of admission. It will list the number and type of York credits you are eligible to receive toward the program to which you have been admitted.

To find out more about transfer pathways and credit assessment, visit go.yorku.ca/transfer-ug.

Curious About Your Credits?

Check out the Course-to-Course Transfer Guide to find out how many transfer credits may count toward your degree program. go.yorku.ca/ontransfer-ug

Pathway for Ontario College Students

York's articulation agreements offer a simplified, guaranteed transfer process for college transfer students.

York has agreements with six different Ontario colleges, which guarantee students a set amount of transfer credits for the completion of a specific program.

Mature Students

Am I a Mature Student?

The definition of a mature student can vary widely depending on self-identification, academic background and, of course, age. At York, we consider you to be a mature student if you:

- are at least 21 years old by the end of the calendar year when you are admitted to York;
- have been out of full-time high-school studies for at least two years or have returned to upgrade after a two-year absence; or
- have completed less than one year of college- or university-level courses.

Helping You Begin

York provides a number of bridging and academic transition programs that help students acquire the background needed for university study, build educational capacity and encourage a diverse student population.

Learn more at go.yorku.ca/bridging-ug.

Tailored Support for Mature Students

Starting university after being away from school for an extended time is a big step. York provides dedicated support services to guide you along the way that consider your academic, professional and personal development.

Atkinson Centre for Mature & Part-time Students

Get support as a mature, part-time or transfer student through orientations, workshops and a peer mentor program all designed to support the needs of adult learners.

York University Mature Students Organization

Participate in social and community events throughout the year to make the most of your student experience at York. Part-time and transfer students also welcome.
