BECOME A CHANGEMAKER FOR A JUST AND SUSTAINABLE FUTURE

INNOVATIVE AND REAL-WORLD RESEARCH

PREPARING CAREER-READY GRADUATES

FLEXIBLE AND HANDS-ON LEARNING IN ALL PROGRAMS

Cities, Regions, Planning (BES)

We live in an urban world. Learn how inclusive and sustainable planning can help cities and regions around the globe face and manage the social and environmental challenges caused by increased urban life.

CAREER PATHS:
- Urban/Transportation Planner
- Policy Advisor and Consultant
- Planning and Space Assessor

Ecosystem Management with Fleming College (BES)

Learn how we can sustain and revitalize our natural environment through the conservation and restoration of our ecosystems.

CAREER PATHS:
- Land Use Auditor
- Habitat Assessor
- Environmental Consultant

Environmental Science (BSc)

Explore how human activity impacts our planet. Learn how the biological and physical sciences can address the global environmental challenges of our time. This program is offered jointly with the Faculty of Science.

CAREER PATHS:
- Climate Change Scientist
- Hydrologist
- Wildlife Biologist

Amazing things happen when diverse communities work together to tackle world issues. When York University students apply their knowledge, they have the power to make things right.

Join us in creating positive change. yorku.ca/rightthefuture
The new Faculty of Environmental and Urban Change at York University is a call to action to respond to today’s most pressing challenges facing people and the planet. Discover career paths that will make a better world. Our programs will prepare you with the fundamental knowledge, critical thinking skills, hands-on experience, and global perspectives necessary to achieve personal success and make positive change.

**SUPPORTIVE AND INCLUSIVE COMMUNITY**

**DIVERSE GLOBAL PERSPECTIVES**

**LAS NUBES ECOCAMPUS IN COSTA RICA**

---

**Environmental Arts & Justice (BES)**

Choose a degree that centres on solutions for a just and equitable world. Address global environmental challenges through political, philosophical, artistic, cultural and educational theory and practice.

**CAREER PATHS:**
- Artist and Designer
- Cultural Producer
- Diversity & Equity Professional

**Global Geography (BA)**

Geography is about knowing your world and how it works, from the largest cities to the most remote environments. We apply ways of thinking that bring together the arts and sciences to find solutions to real world problems.

**CAREER PATHS:**
- Land Use Auditor
- Habitat Assessor
- Environmental Consultant

**Sustainable Environmental Management (BES)**

Explore some of the most critical issues facing the earth today: the climate crisis, the loss of biodiversity and ecosystem services, waste management, energy consumption and sustainable solutions.

**CAREER PATHS:**
- Environmental Site Assessor
- Energy Consultant
- Green Entrepreneur
